 TOMORROW

United Way
 of Ellis County

CREATING A BRIGHTER TOMORROW

United Way Supporter,

The United Way of Ellis County would like to sincerely thank you for your support to our campaign over the years. This year marks 70 years of providing leadership and support to those in need in our community. Many changes have taken place over the past 70 years - our name, the organizations we help support and communities that participate - but throughout those years, United Way of Ellis County has remained an organization that focuses on identifying local needs and working collaboratively to improve the lives of Ellis County residents in the areas of Education, Health and Financial Stability.

United Way of Ellis County is an organization that has been part of our community since 1953. Named the Hays United Fund, volunteers set the goal for the first campaign at \$18,132.15 which was met.

Today, the United Way of Ellis County has continued to raise funds to help those valuable agencies that assist thousands in our community every year. This year we are funding 14 agencies providing 19 different programs. Programs like the Options Safe Shelter, a place for individuals to stay when trying to escape domestic violence, or DSNWK's Job-Follow Along Program that allows individuals with disabilities to obtain employment.

We invite you to participate in this year's milestone campaign and celebrate 70 years in *Creating a Brighter Tomorrow* for the individuals in our community that need it the most.
